

**DIRECTIONAL
VALVES**

VALVES

■ GEMELS Directional Valves

■ LEAN SOLUTION

Special lean solution designed according to specific request.

■ HIGH PRESSURE

Gemels is specialist in design and manufacture high pressure ball valve.

■ COMPACT DIMENSIONS

Particular attention to save space and reduce the overall dimension.

■ SPECIALIST IN DIRECTIONAL VALVES FOR FIREFIGHTING APPLICATION

Thanks to the close collaboration with technical department and the engineering department of our customers, **GEMELS** is able to study the best and most suitable solution for the application where our products will be mounted. **GEMELS** can realize prototypes and samples. Our customized solutions can range over different fields, like fire-fighting, construction, building, marine but also lifting, automotive, steel plant, heavy equipment and agriculture.

SOLUTIONS & APPROVALS

GEMELS directional ball valves are available in different solution: manual, with actuator and with limit switch, according to customer requirement. These valves can be approved to the most important certification bodies, as VDS and FM.

**MORE
TYPES
AVAILABLE**

BALL VALVES

Material: Carbon Steel / Stainless Steel
Pressure: up to MPa 50 / Psi 7250
Size: up to 6" (DN150)
Ends: Threaded / Flanged
